

Song: Signs in The Sky | **Artist:** Koresh aka Sirius

Album: 2 SIRIUS (B) | **Sirius Instrumental**

Chorus

I just can't understand
How can people not comprehend?
The delusion at hand
The world getting stuck in the sand
Government taking over your land
And still y'all say this ain't the end

1st Verse

Get ready to see
what you never seen
A living figurine
who will kill who ever doesn't
worship him
The veil will be taken
off for the scene
The restrainer
will no longer intervene
During the revelation
of the man of sin
Putting a chip under your skin
There's an invasion ready to begin
UFO's, evil spirits, fallen angels,
everything
Evil settling
claiming to bring
the next step in evolution
Bringing only dissolution
Most of it will be an illusion
But it will definitely cause confusion
Permanently for those in delusion
There is only one solution
To get absolution
Before the transition
Belief and Confession
For immersion in the Name
Check Romans 10
For any questions

Accept the way
Or pay on judgment day.

Hook

Can't you see the signs in the sky?
These are the times
Watch for signs in the sky
These are the end times

Chorus

I just can't understand
How can people not comprehend?
The delusion at hand
The world getting stuck in the sand
Government taking over your land
And still y'all say this ain't the end

2nd Verse

You can expect
the sun darkening
The earth shaking
and the pit opening
The sea poisoning
from the stars falling into it
Many people dead
hunger pretty much everywhere
Pestilence in the air
A lot war
so beware
Of the beast with the feet of bear
Mouth of lion, body like a leopard
Serving he who bears the light
but don't Despair
The Father will take care
Of their share
So begin the prayer
Better now than later
Only one can save ya
Yahushua Messiah the Savior
Through whom we get the favor

Signs in The Sky

Free salvation from damnation
which He gave ya.

Hook

Can't you see the signs in the sky?
These are the times
Watch for signs in the sky
These are the end times

Chorus

I just can't understand
How can people not comprehend?
The delusion at hand
The world getting stuck in the sand
Government taking over your land
And still y'all say this ain't the end

3rd Verse

All of those are the signs
So don't you ever say
you didn't get the design
It has been written in the Scripture
all this time
In case you want to find
The truth in this rhymes
Go ahead and read every line
Find who's the wheat,
who's the wine
Be a man not a swine
Get a hold of the vine
To shine like the stars in the sky
For eternity, but in the light
Every enemy in the fire
Next to the liar
Burning with no rest
While we rest
For the rest
Of what's coming next
In this quest, always blessed
To be honest

More than less
Next to highest
As the brightest.

Chorus x2

I just can't understand
How can people not comprehend?
The delusion at hand
The world getting stuck in the sand
Government taking over your land
And still y'all say this ain't the end

Hook x2

Can't you see the signs in the sky?
These are the times
Watch for signs in the sky
These are the end times
